

# JOHN WYNN BADLY BURNED BY GASOLINE EXPLOSION

**FIVE IGNITER IN BUCKET  
OF FLAMES SHOOT TO HIS  
FACE AND ARMS.**

Wynn was badly burned  
the face and arms this morn-  
ing when a gasoline bucket at Cum-  
mings' bicycle shop, where he was  
employed, became ignited and burn-  
ed him. It is not known how the bucket  
of gasoline caught fire but Wynn  
attempt to get it out of the  
shop was struck in the face and  
arms by the flames and his  
arms are quite serious although  
dangerous. His coat caught on  
at the time and his arms were  
burned. Fortunately his  
eyes did not go into his eyes and  
did not inhale any of the fumes.  
Probably accounts for his being  
as well as light as they were  
the circumstances.

**"PAID" GAIL GREETED  
BY LARGE AUDIENCE**

Dad's Girl presented by the  
W. Paul Dramatic Company last  
night was tremendously appreciated by  
the large audience that greeted it.  
The play was a comedy drama with  
plots of comedy and at times very  
sad.

The Pauls company holds a rep-  
utation in Bothin that on other  
traveling organization holds and  
has been greeted by a large audience  
every night. This alone shows that  
the plays they present are appreciated  
by slow-going people.

They will play tonight On the  
Sewanee River. Tonight close  
their engagement in Bothin for the  
season but as they are expected soon  
on the fall.

JAPANESE CITIES AS MODELS

Lecturer Declares They Are Ahead of Other Nations in Municipal Government

That ancient idea of civilization has permeated Japan to such an extent that it is rapidly being adopted by some of the modern nations of the world was the declaration made by Harvey N. Shepard of Boston, former attorney general of Massachusetts, in an address on Japanese Municipal Government, before the members of the Philadelphia City Club.

Mr. Shepard also declared that the Japanese people were far ahead of Americans in solving municipal problems. He said that the Japanese people were far ahead of Americans in solving municipal problems.

Mr. Shepard spent many years in Japan and studied closely the phases of life in that empire. He said that the Japanese people were far ahead of Americans in solving municipal problems.

## SEES ONLY THE BIG CITIES

Brooklyn Minister Would Have Them Beautified as the Centers of Our Civilization

Dr. William of Brooklyn, while holding a pronounced view on the dispirited condition of present civilization in many American cities, has a very optimistic view of the future.

There is a new spirit abroad in the nations of the earth, he said. A spirit of revolt against the ugliness of the Old World and the New. This revolt has taken on the majesty of a destroyer, laying waste London and Paris, Berlin and Vienna are filled with the old world.

this summer twenty volumes fresh from the press, with the ink scarcely dry on the pages, on the new science of town planning and city building.

In our own country 150 cities are now organized and formally committed to a commission for laying out the lines of growth for twenty years to come.

All of our cities of the first class having over 1,000,000 population most of our cities of the second class, with 100,000 population to 1,000,000 and more than 100 cities of the third class have their organized municipal commission on city building.

The time was when our civilization was largely rooted in the country in the farm and the rural village, while the city was only a ganglion and nerve center rather than the heart.

Now every year the pull of the metropolis upon the heartlandings of boys and girls in rural districts is a stronger pull. The city is the center of business with manufacturing and financial life. The city is the home of music art and eloquence. The city is home of the college, the library, professional schools and for all these reasons it is quite certain that as the city goes so will go the republic.

## Free Shade Trees

Free trees will be distributed to the householders of Denver by the city on municipal arbor day in April. The expense of purchasing the saplings will come from the streets and waste lands found as provided in the master budget. It is believed that about 15,000 trees mostly maples and elms, will be given away.

Last year a distribution was a great success. The trees were in excellent condition and practically all were planted according to the rules laid down by the city forester. It is estimated that 85 per cent of last year's crop are thriving—Denver Union post.

## Move in Right Direction

Galveston, Texas, which is doing its best to improve every aspect of civic life, is not satisfied with the backwardness in which the poorer Mexican population lives. There is a feeling that an building should be constructed or unhealthily even if it is in the sections of the city which are inhabited by the foreign element.

MOTHER CHARGED WITH KILLING HER CHILD

Pennacola, Fla., April 1. A coroner's investigation into the sudden death of the 13-month-old child of Mrs. L. E. Wood at the home of Girl 1 Nichols near Centerville

Thursday night of last week, it is alleged that the mother and Nichols

found over a large grand jury yesterday on a charge of first degree

murder. This news was given today from Marianna, Fla.

where the case was first tried

Mrs. Wood, who is a widow, is Mr. Nichols' live-in daughter

substantially during the night of Thursday and was buried the next day

Nichols' death was a surprise and had the residents shocked

The investigation revealed that the child's skull had been crushed and the arrests were made

Mrs. Wood it is said stated that Nichols whom she had been living with for some time was responsible for the child's death and threatened to kill her if she told of his act

BAZAARS OF CAIRO

Pictureque Venders in Labyrinth of Treasures.

Merchants of These Shops Are the Most Patient in Old World— Temptation to Buy Sends Tourist Away Penniless

Cairo, Egypt. The bazaar of Cairo is a labyrinth of narrow lanes, crowded with vendors of every wares, a place where the stranger would lose his way in the maze of five minutes walking. The only reminder of the modern world is the English visitor in the queue in the bazaar. Even he cannot buy for a native Egyptian, however, in the bazaar.

It is amazing that a stranger in the bazaar, even if he is a tourist, gets into the maze of the bazaar, and they are not even on their feet. They forget with surprise.

There are hundreds of very small and cheap shops, where one can find everything, from the most common to the most rare. In these shops, where the bazaar is a maze, one can find everything, from the most common to the most rare. In these shops, where the bazaar is a maze, one can find everything, from the most common to the most rare.

One day, I went to a shop in the bazaar. I was very tired, and I was very hungry. I was very tired, and I was very hungry. I was very tired, and I was very hungry. I was very tired, and I was very hungry.

In one part, they make the most beautiful things, and in another part, they make the most beautiful things. In one part, they make the most beautiful things, and in another part, they make the most beautiful things.

Then there are the shops of little things, and in another part, they make the most beautiful things. Then there are the shops of little things, and in another part, they make the most beautiful things.

And here is a shop in the bazaar, and the bazaar is a maze. And here is a shop in the bazaar, and the bazaar is a maze. And here is a shop in the bazaar, and the bazaar is a maze.

The bazaar is a maze, and the bazaar is a maze. The bazaar is a maze, and the bazaar is a maze. The bazaar is a maze, and the bazaar is a maze.

Looking across City of Cairo. The bazaar is a maze, and the bazaar is a maze. The bazaar is a maze, and the bazaar is a maze. The bazaar is a maze, and the bazaar is a maze.

He is keeping Made Easy. The bazaar is a maze, and the bazaar is a maze. The bazaar is a maze, and the bazaar is a maze. The bazaar is a maze, and the bazaar is a maze.

PLUCKY LEATHERS IN A CAR. The bazaar is a maze, and the bazaar is a maze. The bazaar is a maze, and the bazaar is a maze. The bazaar is a maze, and the bazaar is a maze.

Spent \$25. The bazaar is a maze, and the bazaar is a maze. The bazaar is a maze, and the bazaar is a maze. The bazaar is a maze, and the bazaar is a maze.
